Network News

Quarterly Webinars

In an effort to increase Network participation and engagement, the Network will no longer hold monthly audio calls. In place of the calls, the Network will host webinars. The webinars will focus on an aspect of the IMPLICIT Pregnancy/ICC projects and will include a brief evidence update, IMPLICIT Pregnancy/ICC data, CQI initiatives, and best practice strategies. Eventually, the Network hopes to offer CME. The Network would like to invite Active Sites to present at the webinars to remain collaborative and participatory. [Contact Network Coordinator](#) if you would like to lead a webinar.

The first webinar will be held on Friday, December 18 from Noon-1:00PM:

IMPLICIT Focus on Family Planning and Interpregnancy Interval presented by Lisa Schlar, MD from UPMC Shadyside

IMPLICIT Participation Agreement

The Leadership Counsel and attendees at Fall IMPLICIT meetings during the FMEC conference have discussed and agree to having participating Network sites fill out a IMPLICIT Participation Agreement. The Participation Agreement discusses membership expectations and data use guidelines to promote accountability between the Network and individual sites.

[Review the Participation Agreement.](#)*

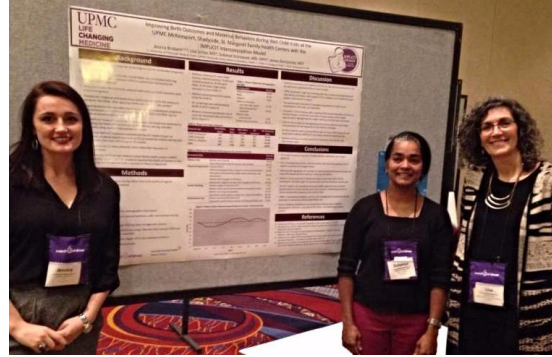

*Two sites have already completed the form and returned to Network Coordinator.

March of Dimes Prematurity Prevention Conference 2015

Drs. Ratcliffe and Frayne and Jessica recently spoke about Birth Spacing and Interconception Care at the March of Dimes Prematurity Prevention Conference 2015. The presentation will be available for CME in approximately one month. Additionally, the three UPMC sites (Drs. Schlar, Srinivasan, and Dombroski, and Jessica) submitted a poster on ICC efforts in Pittsburgh.

IMPLICIT Pregnancy Lite

Lancaster General Research Institute is working on building the IMPLICIT Pregnancy Lite project in REDCap. [Review the IMPLICIT Pregnancy Lite form.](#)

IMPLICIT ICC is suggested as one of National March of Dimes 2016 interventions for Chapter Programs. [Review the email here.](#)

Outreach Opportunities

IMPLICIT Network is looking to implement IMPLICIT Pregnancy and IMPLICIT ICC at new sites. The March of Dimes has connected the Network with:

- University of Mississippi Medical Center, Department of Family Medicine and Department of Pediatrics
- Family medicine clinic, pediatric residency program, and high risk pediatric/specialist clinic in Texas
- Healthy Babies are Worth the Wait (HBWW) Advisory Board in California
